Good afternoon Rudston Parish Council,

Thank you for your email. We referred your request for Additional Litter Bins to our Refuse Services Department.

Please find the following response from Refuse Services:

I am sorry but unfortunately our current limited budget is for the maintenance, repair and replacement of existing stock in the whole authority. We are currently undertaking a repair and replacement programme of existing stock which currently stand at over 4000, so any addition to that stock would put an unsustainable strain on that budget for the foreseeable future. We are not considering any new requests at this current time as we also feel the amount and locations of existing stock is more than adequate to meet the requirements of all locations. If you let me know if there are any areas of concern in Rudston or surrounding area and I will ask our cleansing team to respond accordingly

Operations Manager - Refuse Services

Whilst we appreciate the above may not be the response you were expecting; we hope the above has explained the council's position.

Kind regards,

Stuart.
