Dear Su Todd - Rudston Parish Council,

Thank you for taking the time to submit an application to the Digital Inclusion 4 All Digital East Riding Fund.

Following a review of your application against the programme criteria, I regret to inform you that your application has not been successful on this occasion.

This decision has been made for a number of reasons:

- Your application did not demonstrate that your organisation has the required Health and Safety and Safeguarding policies in place. These are essential requirements for organisations delivering activities through the fund.
- A registered address for your organisation was not included within the application. This information is required to enable us to verify your organisation and undertake the necessary identity and anti-money laundering (AML) checks before any funding can be awarded.
- Based on the information provided, we also have concerns that your organisation may not currently have the capacity to independently deliver the remaining digital support sessions required under the programme once our initial support has been provided.

We appreciate that this outcome may be disappointing. However, we would encourage you to address the points outlined above, as this will place your organisation in a stronger position should future funding opportunities become available.

Should the Parish Council require support with developing suitable Safeguarding and Health and Safety policies, you may find the East Riding and Northern Lincolnshire Local Councils Association (ERNLLCA) a useful source of advice and guidance. Further information is available on their website: <https://www.ernllca.gov.uk/>.

In addition, the Local Government Association has produced guidance on safeguarding roles and responsibilities within local councils, which may also be of assistance:

<https://www.local.gov.uk/sites/default/files/documents/must-know-lead-members-an-c38.pdf>.

If you would like further feedback on your application or would like to discuss the requirements for future rounds of funding, please do not hesitate to get in touch.

Thank you once again for your interest in the Digital Inclusion 4 All programme and for your commitment to supporting your local community.

Kind Regards

Devan

Kind Regards

Devan
