## Hello Everyone

Although we've only been away for 2 months, it seems like I should say "Welcome Back"!

September is the start of the Newsletter's financial year, so we are very happy to publish our annual accounts in this newsletter. Thanks to income from our lovely sponsors and advertisers, and some very astute buying by Paula, we managed to return a profit of £381, which means we are delighted to say that despite costs increasing, we will not need to increase prices for advertising or sponsorship for at least the next 12 months. Thank you to everyone who supported the Newsletter over the past 12 months, as you can see, it really does make a difference.

If you would like to "give a little back" to the Community, here are some suggestions .....

- Do you have a little time to spare on a Thursday morning to help with the tea & coffee morning, an important fund raiser for the Village Hall. They

are looking for volunteers to support the coffee morning, or to provide cakes as not all volunteers have cake baking skills (e.g., ME!!!! HELP 😊).

Please see more details in the Village Hall update in this newsletter.

- Could you help out at the Youth Club at the Village Hall, they meet up once a month on every 2nd Tuesday for just an hour 6.30pm to 7.30pm, contact Fiona 07762 901 193
- I heard the Church Bells ringing this morning, but noticed there were only 2 bells being rung, so if anyone would be interested, they would welcome more volunteers as there are 3 bells
- Would you like to sponsor an issue of the newsletter? Just £25 and your contribution will be gratefully received and helps keep the newsletter going.

If you run an organisation or event in Rudston and would like more help, please let us know and we will happily include details in the next newsletter.

Dear Friends

My name is Stephen Cox and I am the new curate for Rudston and our other group Churches. I have just completed a 2 years ordinand training course at Mirfield College and was ordained at York Minster at the end of June.

My upbringing was in the South of England before I came up North to train as a teacher. I was brought up in a Christian home so I came to faith at a young age. The journey from then on has been one of discovery through life's many ups and downs, and more recently through my training, the joy of joining in with other traditions within the Church of England.

I have just retired from primary school teaching but have not always been in the teaching profession having being employed in a variety of office based and sales work, as well as working with excluded teenagers. I hope that I will get to know you all over the coming months although I am no stranger to the parish, having completed my first placement at Rudston. So, I have some idea what I'm letting myself in for! That said, I am delighted to be joining you and am really looking forward to serving the Church in this wonderful rural benefice which I will be part of for the next three years.

Every blessing,  
Steve

# RUDSTON NEWS AND EVENTS

## RUDSTON VILLAGE HALL

Monthly bingo nights still continue to be a successful evening. Two were held over summer - 7th July and 4th August. The August one was one of our busiest yet which made the bingo winnings go higher!!

Our next night will be **THURSDAY 1ST SEPTEMBER - EYES DOWN 7PM**

### **Forthcoming bingo nights:**

- THURSDAY 6TH OCTOBER
- THURSDAY 3RD NOVEMBER

The Yard Sale was held on Sunday 17th July with around 15 yards involved. The weather although wet first thing, improved with the sun and heat back out, so visitors had a pleasant walk around our lovely village buying treasures from others. It was a great success and thank you to all who took part. Thanks go to Teresa for organising the event, Martin, Pubby and Claire for doing refreshments and cooking the bacon sandwiches, and also to anyone who donated cake.

### **Thursday Coffee Shop**

We are still looking for any volunteers willing to donate their time on a Thursday morning 10-12 to help serve refreshments whilst the Post Office and Rudston Rascals is on in the Village Hall. Or maybe you could help by donating a cake/bun or similar to help out?

The coffee shop is run on a rota basis (approx. 1 in 6 weeks). If more volunteers come forward the length of weeks will extend. Shifts can be switched round holidays, appointments etc.

It is a great way to meet new people and help out in our community.

Please contact Michelle on 420 656 if you can help in any way.

### **Forthcoming events at the Village Hall:**

- A Race night is being planned, to be held soon at the Village Hall. It will be a fun night so look out for further details on notice boards/newsletter or on Rudston Facebook
- **Sunday 20th November - Craft Fair**

## RUDSTON VILLAGE BINGO

Wow, what a fantastic year we've had with the village bingo. It was great to get back up and running again at the beginning of August last year and we've had a bumper 11 months.

The profit from the first couple of games was split between the Newsletter and Playing Fields, as it had been pre-covid, but since then all profits have just gone to the Playing Fields. Because of this it's difficult to say exactly how much we've made since we restarted, therefore here is the amount of monies that have been paid over from the last two year's bingo games:-

July 2019 to March 2020 and first two games in 2021

Rudston Newsletter	£235
Rudston Playing Fields	£470
<b>TOTAL</b>	<b>£705</b>

Monies raised since 1 October 2021

Rudston Playing Fields	<b>£980</b>
------------------------	-------------

The total paid over is one of our highest for a lot of years and would not have been possible without the support of everyone, so thank you to all of you. Thanks also go to everyone who kindly delivers all the tickets each week, regardless of the weather, be it cold and wet or extremely hot, as it has been for the last few weeks.

Let's hope we can continue to make similar profits in the coming year, as this amount of money does help whichever group or groups that benefit from the bingo.

We are always on the lookout for new players, so if you fancy joining in please give me a call on 420708 - please note I have BT Call Guardian on my phone line, so you just need to say your name and press the # key.

Many thanks  
Paula Beresford

## **ALL SAINTS CHURCH, RUDSTON, SOCIAL COMMITTEE**

We were pleased to see so many residents at the Pop-Up Open Garden at Rudston House on July 24th. The morning was very warm and pleasant, and wisely that was when most people came and enjoyed a wander around the garden with tea and cake to follow. It was very busy around one o'clock, however the rain came down and although the garden was thankful, we did not have as many visitors in the afternoon. A great big THANK YOU to Simon and Angela Dawson for opening their garden in aid of Church funds. £750 was raised and everyone had a pleasant time.

We have a very special fund raiser to look forward to on Sunday 11th September at 2.30pm when a guest organist has prepared an interesting programme to perform on the fantastic organ in Rudston Church.

Anthony Burns-Cox is from Romsey so enjoyed playing the organ a few years ago, when he was near here on holiday that he has offered to perform a recital for us.

At Oxford Anthony was fortunate to study with Dr Bernard Rose who influenced his future career. He became Director of Music at St. Albans School before moving to Wales as sub-organist at Llandaff Cathedral and Director of Music in the Cathedral School. Later he was appointed Organist and Choirmaster at Romsey Abbey. Some of his pupils have won Chorister of the Year and the Piano section of Young Musician of the Year. He has performed in many different Cathedrals in this country and abroad with regular tours of France and Germany. We are certainly fortunate to have the opportunity to hear him play the Organ in Rudston Church. Many visitors have commented on the size of the Church organ which is another story.

The Organ in Rudston Church forms part of the rich heritage of our village. Sir Alexander Macdonald designed and gifted the organ in 1888 and regularly played the organ at all Church Services for about 50 years. It was the first electric action organ to be built in England outside of London. Sir Alexander recruited a choir made up of men and boys from the Thorpe Hall Estate. The stained-glass window above the organ depicts Sir Alexander at the organ and the choir. More plaques in the Church tell more of the organ's history. Many will remember Clive Barnby playing the organ until in his 90s and he funded .

restoring and rebuilding the organ in 1996. Dick Robinson took over playing the organ when Clive retired and also played into his 90s. Wendy Proctor now plays regularly at our services. Many have admired this instrument including the present Head Organist at Beverley Minster

We hope residents and friends will take this opportunity to hear an expert playing the organ.

Tickets are £5 each and include tea and cake at the end of the performance. Available in advance to help cater for the correct number in the audience. From Jean Corner 01262 420 622 and Margaret Reed 01262 420 648, and also on the door on the day.

We hope to get a full Church for this recital which Anthony Burns-Cox will perform.

Thank you for your support in the past and we look forward to it in the future.

## **North Wolds Lions Club**

North Wolds have joined with Driffield Lions to put on a concert featuring the Driffield Silver Band on Saturday 15th October at 7.30 pm in The Old Town Hall, at the rear of The Bell Hotel in Driffield. Tickets are £10 each and are limited to 100. They can be ordered from Mike Sellers 01262 420 237 or from Lion President, Keith Harris directly on 07805 886 316. This will be a popular event so please book early to avoid disappointment. There will be a bar available before the concert and during the interval and also a raffle.

The sponsored bike ride raised £300 even on a very wet 31st July. Thanks for your support. We are looking for more members so please get in touch if you think you can help.

## RUDSTON PARISH COUNCIL

At our last meeting held on 24th August, the following issues were discussed:-

### Street Lighting

East Riding of Yorkshire Council are currently in the process of replacing all old style bulbs with LEDs. This will dramatically reduce energy used and also reduce the costs of the Service Level Agreement between Rudston Parish Council and ERYC by 50%. The Parish Council would like to thank Councillor Jane Evison for her involvement with securing this offer from ERYC.

### Litter Bins

Councillor Donna Coates has secured an offer from East Riding of Yorkshire Council to provide a further litter bin for the village and to relocate one of the two bins at the play park. The bins will be sited where they can be most effective at reducing litter, i.e. near to the bus shelter and the sports field parking area.

### Play Park

The overhanging trees at the play park have now been cut back and the play park has now reopened. The Parish Council would like to thank everyone for their understanding during the closure of the park.

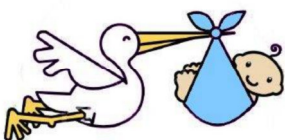

Please note that Cllr Richard Todd's email address has recently changed so if you need to contact him, please use [cllr.richardtodd@outlook.com](mailto:cllr.richardtodd@outlook.com).

### Dates for future meetings:

- 12<sup>th</sup> October 7.30pm
- 7<sup>th</sup> December 7.30pm

*We would like to give a warm village welcome to Stephen Cox who is the new curate for Rudston and other group churches, we hope your time in the Parish will be enjoyable and entertaining 😊*

## Rudston Tennis Club

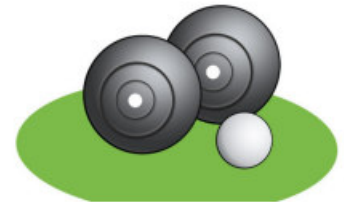

Mixed fortunes for our teams this season. The ladies team finished 2nd in division 4, the mens A team finished 3rd in division 3, but the mens B team and the mixed team struggled, finishing 2nd to bottom in division 5 and bottom of division 4 respectively. However, both those teams welcomed new players, lost a lot of matches 4-5 and look forward to building on their experience.

Matches have now finished but social play continues throughout the year weather permitting on Sunday mornings 10am onwards and other times by arrangement. It has been good to see some new faces this year and players are always welcome whatever their level, so if you have been thinking about coming along now's the time! Keep in touch on our Facebook page and please contact me if you would like any more information.

## RUDSTON BOWLS CLUB

The Driffeld Triples league has ended for the season with Rudston finishing a disappointing last in Division 3, partly due to the number of injuries and unavailable players in the final few weeks.

On a brighter note, the Wednesday afternoon Triples league team is having better luck taking all 6 points away to North Dalton and 5 points away to Leven East Street. We still have a few matches left and are fighting for top of the table.

Anyone wishing to join or have a taster session please contact me.

## RUDSTON W.I.

12 members enjoyed a visit to a private farming and household museum at Heslerton in August after a pleasant lunch at Sally Middlewood's farm shop in Potter Brompton. A donation was given towards Marie Curie.

Our next meeting is on Tuesday 6th September at 7pm in Rudston Village Hall when Mr Ernie Howard will give a slide show entitled "The Best of a Thousand Taken in Lockdown". Ernie is a very good photographer and has selected his best of those he took during lockdown to show us.

The competition is "A metal ornament".

Guests and new members are always welcome at our meetings, just come along if you would like to.

Last year members voted to have meetings in the afternoon between the months of October and March and a decision will have to be made regarding this for the coming Winter. We have been meeting at 7 p.m. hoping more people would join as it had been commented that afternoon meetings were not suitable if you are working. The decision on timing will be made by present members, as only 1 new member has joined and so the change to evening meetings, unfortunately, did not seem to attract new members. At present we have 15 active members.

The October meeting will be our Annual Meeting when committee members and officers are voted in.

**CONCERNS REGARDING COST OF ENERGY**

The energy crisis that we are all experiencing at the moment is of great concern, I am sure, to many. John Crockford has recently contacted Sir Greg Knight MP regarding energy self-sufficiency in the UK and the next 2 pages are the response that he has received:-

Rt Hon Sir Greg Knight  
Member of Parliament for East Yorkshire  
House of Commons  
Westminster  
London SW1A 0AA

Tel: 01377 812123 or 0207 219 4077  
Email: [sothcott@parliament.uk](mailto:sothcott@parliament.uk)  
[www.gregknight.com](http://www.gregknight.com)

Dear John

Thank you for your letter and your queries about energy self-sufficiency in the UK. The subject is a difficult one, particularly given the volatility that has surrounded global energy production in recent years. Factors influencing energy markets include: global Net Zero aspirations and the shift to renewable energy sources which have a more risky short-run supply profile (the wind does not always blow or the sun shine); the coronavirus pandemic and its impact on global energy demand (low and then strongly resurgent, adding to price pressures); and now the impact of war in the Ukraine.

Below I have provided responses to your questions, as well as links to further information, should you wish to research this area further.

**1. How close are we as a country to becoming self-sufficient in producing our own needs for gas & or electricity?**

Page 5 of the attached document shows that as recently as 2005, the UK was self-sufficient in energy supply. Import dependency then grew from 2005 and peaked in 2013. From 2013 the UK has become steadily more energy self-sufficient again, with a reversal in that trend in 2021 due to specific conditions as outlined in the report. See the report for particular figures.

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/1094629/DUKES\\_2022.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1094629/DUKES_2022.pdf)

In April of this year, Prime Minister, Boris Johnson, published a new 'British Energy Security Strategy' outlining the aspiration to significantly increase our energy supply and diversification, and our energy self-sufficiency.

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/1069969/british-energy-security-strategy-web-accessible.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1069969/british-energy-security-strategy-web-accessible.pdf)

This was followed by the Energy Security Bill in July: <https://www.gov.uk/government/news/plans-to-bolster-uk-energy-security-set-to-become-law>.

An excellent summary fact-sheet is here: [https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/1088381/energy-security-bill-factsheet-overarching.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1088381/energy-security-bill-factsheet-overarching.pdf)

**2. When, or if, we do become self-sufficient as a country in producing enough energy, would we still have to be a part of the world energy pricing, or could we as an energy independent country just drop out and decide the consumer price for our own use?**

Via Ofgem, the Government regulates the impact of energy prices on UK consumers, the main tool being the energy price cap. In theory, yes, a government of an energy exporting country could secure lower than average consumer prices for local people.

Note, however, that with the production of energy being increasingly diversified across multiple sources, and with renewable sources being weather dependent, the pursuit of total self-sufficiency is not necessarily desirable. The result could be significantly increased long-run average energy costs for

consumers. Effectively, the government has to consider from where and how to source 'peak load' energy in periods of low renewables production. It may be that sourcing peak-demand supply on the global market will, across time, result in lower average costs for UK consumers.

See, for example, this very interesting article from Norway which relies on hydro-power for electricity production. The current extraordinary set of global circumstances has combined with exceptionally low hydro-reserves for Norway thereby subjecting Norway to the same global price shocks as everyone else. Yet it is not clear that the right answer for Norway would have been to permanently shield itself from such exceptional circumstances. The impact might be lower peak costs in exceptional circumstances, but significantly higher long-run average energy costs. <https://www.thelocal.no/20220819/why-is-the-norwegian-government-against-an-energy-price-cap/>

In effect, an attempt to permanently shield a country from global energy pricing might have the impact of raising that country's long-run average energy costs and therefore lowering its standard of living. This would not be a good energy or economic strategy.

**3. Can the Government force the energy suppliers to reduce the daily standing charge by half for gas and electric, at the same time as removing the VAT on energy prices. This would be a great help to all consumers as a short term measure, as removing the VAT alone will NOT.**

The Government's ability to impact household energy prices is governed via Ofgem using the energy price cap. Currently Ofgem is dealing with exceptional gas prices which are affecting everyone around the world. These exceptional price increases have put UK suppliers under extraordinary strain - they can't be shielded from global price rises if they are to secure the energy we need on global markets.

In fact, since January last year, approximately 30 smaller suppliers serving over 4 million households have already gone bust. This illustrates how the Government has only a limited capacity to squeeze the profitability of remaining suppliers further or to ask them to carry losses for long periods.

One opposition politician has said that he would be in favour of a continued low price cap well below global prices. But the cost of doing so would be a [staggering £30 billion](#) for a mere six months' relief. The Institute for Fiscal Studies has been extremely sceptical over these claims about [how this could be funded](#) suggesting that ultimately the taxpayer would foot the bulk of the bill. In short, neither the UK nor anyone else can escape the current global energy price shock - its cost must be absorbed somehow.

The government has already provided a range of measures to help consumers absorb some of the shock. And if we are to go further, my preference is that we focus on supporting the most vulnerable - those on low fixed incomes; pensioners and recipients of Universal Credit. For everyone else, it makes more sense for us to absorb price rises directly, and at least attempt to respond to them via energy efficiency measures (which will serve us better in the longer run and help with Net Zero aspirations), rather than absorb them via high taxes which will damage our economy and reduce our standard of living.

Thank you again for your questions and, as you now know, I certainly do answer correspondence during a period of Parliamentary recess.

Yours,

Greg

Sir Greg Knight

### **Friendly Service from Local People Established 1969**

We offer a range of used cars to suit every need and can source and supply virtually any new vehicle at competitive prices. Established over 40 years ago, G Boyes has grown into one of the area's most respected new and used car dealerships and service / repair centres. We pride ourselves on our friendly, individual approach towards customer care and believe this is the reason so many of our customers come back again and again.

All our vehicles are sold with a warranty and an MOT if required.
