## Hello Everyone

Artificial Intelligence (AI) is a machine which can perform tasks more normally performed by humans. It works by learning from data and patterns to improve its performance, much like humans learn from experience.

So, as there's been a lot of talk recently about AI and how it could impact our lives, I thought I would ask ChatGPT (which is a form of AI), what it thought of our village and here's its reply:-

"Rudston sounds like a wonderful village! Its historical significance, particularly with the Rudston Monolith,

makes it stand out as a place with deep roots in the past. The rural setting, combined with a close-knit community, must offer a peaceful and fulfilling lifestyle that many larger towns and cities can't provide. It's the kind of place where history and natural beauty co-exist, offering a serene environment for those who appreciate the charm of village life."

I'll let you decide whether you agree..... 😊

Dear Friends

A new All Ages Together service in Kilham started in September and will continue on the 4th Sunday of each month.

It is at a different time to the normal services beginning at 4pm rather than the usual 11am start. This is so that those families involved in sport on a Sunday morning and also those who find the morning a difficult time to meet, have an opportunity to join with us as part of our community. It will be a more informal all age service with tea, coffee and biscuits afterwards and maybe a visit to our village pub as well!

I do hope you can support us in this new venture.

Every blessing  
Rev Steve

## **Church Services for October** (at Rudston unless otherwise stated):

'Talking About Faith': Every first Wednesday evening of the month at 7pm at The Old Star Inn, Kilham. A friendly and warm welcome awaits those who might be interested in attending these informal evenings. A chance to chat about life and faith. For further information contact revalanleach@gmail.com.

Each Tuesday at 10.30am, in church, at All Saints, Kilham, come and join in for a time of prayer and discussion over a cuppa and biscuits. All welcome.

We will continue to have a 'Zoom' service on the first and third Sundays of the month at 11am and weekly each Wednesday at 10am (contact revglynowen@btinternet.com for log-in details).

# RUDSTON NEWS AND EVENTS

## RUDSTON VILLAGE HALL

**Thursday 5th September:** A busy night at Bingo but a quieter one with a different bingo machine. There were mixed views on whether we liked it quiet or prefer the rattling balls!! Thanks to all who came and to the committee for their help and donations of baking.

Our next Bingo night is **Thursday 3rd October - eyes down 7pm**

**Sunday 8th September:** The yard and table top sale was a great success. Thanks to those who supported with a yard or table, hope there were plenty of sales.

A huge thank you to those who organised and helped in every aspect of the event from baking cakes and advertising to serving in the kitchen. Fiona and the chefs Martin and Pubby (Steven Ward) cooked about 100 bacon sandwiches and endless drinks. Michelle and Teresa were sent searching for more bacon on a Sunday morning! Not an easy task I hear!

**Saturday 14th September:** Coffee Morning. The Village Hall committee decide to help out Rudston Church to raise much needed money for the Organ Restoration Fund. It was a great morning and a lot of effort went into it to make it a success. Thank you to all the bakers of cakes. There were so many but very little left at the end and donations of tombola prizes also grew! It was so nice to see different people there and also meet our new curate, Huw Waring and his wife. It was a good feeling to give something back to something else in the village.

Thank you once again for all those who helped in every way. An amazing amount of £455.00 was raised.

### **Village Hall Update**

New LED lights have been installed in the main hall and the meeting room. Carpets and chairs have all been cleaned.

Techy Tea came one Thursday to the coffee shop to offer help and advice about Technology.

**Provisional future events** (see Facebook page and posters for further info)  
Gosschalks are coming to give us a talk and offer support and advice on Wills and

Power of Attorney's as well as guidance in legal aspects of administering your estate.  
A useful evening.

## **ALL SAINTS CHURCH, RUDSTON, SOCIAL COMMITTEE**

We hope you will come to Church for the Harvest Festival on Friday 4th October at 6.30pm when the Church will be appropriately decorated for this celebration.

We will be serving fruit pies and Tea & Coffee in Church after the service. Everyone is welcome as always.

Thank you to the Village Hall Committee for organising a Coffee Morning in aid of the Church Organ repairs. Many people from the village and surrounding area came to enjoy the home-made cakes, a fantastic tombola and a really good chat over a cup of coffee. £455 was given towards the Organ Restoration Fund, so thanks to all who came, or helped, or donated prizes, or baked or sent donations.

I will soon be compiling the Church rotas for welcomers, cleaning Church, flowers and coffee servers. If anyone would be prepared to put their name down to help with these it would be greatly appreciated. Please let me know by phoning.

***Thanks to all those who took turns on the rotas last year.***

Thank you for your continuing support.

## RUDSTON W.I.

Members enjoyed the Antiques and Vintage Quiz in September produced by Marion Gamble who proved to be an excellent speaker.

# RUDSTON PARISH COUNCIL

## Defibrillators

Rudston is lucky to have 2 defibrillators in the village; one on East Gate and the other in the old phone box near Redgate Garage on Middle Street. These were both purchased by the Parish Council, but are maintained by 2 wonderful volunteer guardians who carry out regular checks and ensure pads are within date and batteries are functioning correctly.

Both defibrillators are registered with The Circuit which is the national network of defibrillators and provides the location of defibrillators to the Ambulance Service.

**If you need to use a defibrillator, call 999 and the operator will provide a code to access the nearest machine.**

The final Parish Council meeting scheduled for 2024 is on Wednesday 13th November at 7.30pm.

This date can be subject to change, please check the website for further details.

Agendas and Minutes can be viewed on Rudston Parish Council website: [www.rudston.org.uk](http://www.rudston.org.uk) or scan the QR code to be directed to the website.

## RUDSTON YOUTH CLUB

As the nights draw in, we've been busy planning exciting activities for the months ahead! Recently, we held a planning meeting with the children to gather their ideas and create a list of fun things they'd like to do.

### **Halloween Fun!**

Our next meeting is on 8th October, and it's going to be a spook-tacular evening! We'll be celebrating with a Halloween-themed event full of:

Baking - Prepare your taste buds for some spooky treats!

Crafting - Create your own Halloween decorations.

Ghost Story Writing - Bring your imagination to life with eerie tales!

A huge thank you to our amazing volunteers - we couldn't do this without you! It's clear your efforts are making a difference, as our attendance numbers continue to be high, and we're thrilled to see support from surrounding villages.

Looking forward to seeing the children on the 8th October, 6.30pm-8pm at the Village Hall for a frightfully fun time!

One of our farm cats (we live at Littlethorpe) has been going missing for several days at a time. She is grey & white, and at the moment very pregnant. We would love to know if someone in the village or near us has been caring for her, and they might like an update when the kittens arrive - if she is here then!

## **Shannon Trust fulfils an unmet need around adult learning, supporting people who have fallen through the cracks in formal education.**

We know a lot of people have had negative learning experiences in the past, so our programmes are designed to be different, with no exams and no classrooms. Our Turning Pages reading manuals and Count Me In numeracy manuals are used by thousands of learners in prisons and the community.

Established for over 20 years, we support people who can read and understand numbers to teach those who can't, in prisons and communities.

Learning to read and understanding basic numeracy has a huge impact - not just on the person learning, but on everyone around them; whether that's their mentor, their family and friends, prison or service staff, or the wider community.

Transform someone's life. Give them the chance to learn to read and improve their numeracy skills.

## Dog Training Hints and Tips

In this issue, we are continuing our dog training focus with the beginning of owning a puppy, with hints and tips on Toilet Training and Bedtime.

### **Toilet Training**

- Put a wee-wee pad down and show the puppy where it is. Place the puppy on pad and give the command "wee-wee". If the puppy performs say 'wee-wee' and give lots of praise.
- At night put the wee-wee pad near bed. Please note that puppies often will not pee and poo in the same place.
- Puppy will poo at regular times if given meals at regular times. Take puppy outside, if possible, at these times and give lots of praise and give command when puppy performs.
- Eventually the puppy will wee when you give command.
- Take the puppy out on the lead as soon as you can do this so the puppy knows they are outside to toilet and not just play about. Do not expect the puppy to be completely house-trained quickly, it may take several months.

### **Bedtime**

- A puppy will be much happier sleeping in your bedroom (our dogs sleep in our bedroom).
- If puppy must sleep elsewhere make sure they will be as comfortable and stress-free as possible. A soft comfy bed with a blanket, inside a 3-sided cardboard box to keep out draughts and in a warm room.
- Provide a warm hot-water bottle, well wrapped up, so that the puppy can snuggle up to it. Put a loudly ticking clock near the bed so the puppy does not feel quite so alone.
- Put a wee-wee pad nearby.

## Rudston's Recipes (continued)

### APPLE AND HAZELNUT GALETTE

#### Ingredients

50g light brown soft sugar, plus extra  
for sprinkling  
½ lemon, zested and juiced  
1 tbsp cornflour  
1 tbsp maple syrup  
3 Bramley apples, peeled, cored, halved  
and thinly sliced  
20g hazelnuts, roughly chopped  
Double cream, to serve

**For the pastry**  
80g hazelnuts  
2 tbsp icing sugar  
125g spelt flour  
175g plain flour, plus extra for dusting  
150g cold butter, cubed  
1 egg, beaten

#### Method

- First, make the pastry. Blitz the hazelnuts and sugar in a food processor until finely chopped. Add the spelt and plain flours, butter and a good pinch of salt, and blitz again until all of the butter has been incorporated and the mixture is sandy. With the motor running, drizzle in 1-2 tbsp cold water until the dough starts to form in clumps. Squeeze a little between your fingers - if it feels like it will come together, tip the mixture onto your work surface and knead briefly into a ball. Shape into a disc, wrap and chill for 30 mins or overnight.
- If the pastry has been chilled for longer than 30 mins, let it come to room temperature for 20 mins before rolling. Mix the brown sugar, lemon zest, cornflour and maple syrup together in a large bowl. Add the apples and toss well. Set aside while you roll out the pastry.
- Heat the oven to 180°C/160°C fan/gas mark 4. Dust a sheet of baking parchment large enough to line a large baking tray with flour, then roll the pastry out to a roughly 30cm circle on top of the parchment. The pastry will crack and crumble a little as you roll it, but just keep pushing the edges back together - don't worry if it looks rustic. Slide the pastry on its parchment onto the baking tray. Pile the apple slices into the centre of the pastry circle using your hands, letting any excess syrup drip back into the bowl as you do (save the syrup for later). Be sure to leave a clear 2cm border around the edge. Use the baking parchment to help you lift the edges of the pastry over the apples, leaving the most of the apples exposed. Pinch together any cracks around the edge to make a rustic pastry border.
- Brush the pastry edge with some beaten egg, sprinkle with a little extra brown sugar and scatter over the hazelnuts. Bake for 50-55 mins until golden brown. Meanwhile, pour any leftover syrup from the apples into a small saucepan and bubble for a few minutes until syrupy. When the galette is cooked and still hot, brush the syrup over the top. Leave to cool for at least 30 mins, then serve warm with cold cream.

Will keep in the fridge for up to two days, or freeze in well-wrapped slices for up to two months.

The newsletter team decided to dive back into some of the old newsletter issues and found the old monthly gardening section by Dick Robinson. For those of you who didn't know Dick, he came to Rudston as an evacuee from Hull and started to learn about gardening when he worked down at Thorpe Hall. He studied at RHS Wisley and over time became a lecturer at Bishop Burton College as well as being on Radio Humberside as one of their gardening experts.

So over the next year (where space allows), we will revisit the wise words shared by Dick in 2014 and 2015. This month's article was originally published in October 2014 (it's interesting reading his comments about the weather, it would appear very little changes!!)

### **Gardening Corner by Dick Robinson**

The summer crops of fruit, salads and flowers have finished in my garden, and most apples worth anything are in store. Unfortunately, the cooking varieties never made a decent size, despite the rains in August. My pear varieties did produce some edible fruits.

By next month I shall be thinking about planting any deciduous trees and shrubs, including fruits, so it is important to prepare the site now, working plenty of rotted organic materials into the soil and even a dusting of lime, even on our chalky Rudston land. I shall be mentioning a few varieties of tree fruits next month. All fruit trees are budded or grafted onto rootstocks that are of varying vigour, so that we can choose a tree that can be dwarf growing or vigorous. For example, an apple grafted onto a M9 root will be very dwarfing, but if onto a M111 it will grow a lot more. These days you don't want tall standard trees that need a ladder to prune or harvest the fruit.

Soft fruits are propagated now from hardwood cuttings. Blackcurrants are made from this year's growth; the new shoots are cut off giving a stem about 12" long. Cut the base just below a side bud and the top at 12" above a side bud also. Blacks are planted with 3/4 of their length in the ground; a novel idea to establish a few bushes, is to put 3 cuttings together at each space leaving about 5 ft between each of the three.

Gooseberries, red and white currants have longer cuttings, about 16" with all but the top four side buds removed and planted half into the ground, with at least 8" apart to form the main trench of the new bush.

Sow lettuce now for growing in a frame for winter use. The old variety "All the year round" is very suitable for our area. Runner beans were late in flowering, so it is fewer pods for the freezer. Do check even all stored produce - a bad apple or onion, soon affects the others.

Next year I intend to grow shallots again. They seem popular on the TV cooking programmes. Let's hope for a reasonable time, weather-wise, for the remaining weeks of this year.
