Editor's Letter

Dear Everyone,

As I look through the last newsletter, it is unbelievable how things can change in a month. All the activities and clubs which I usually write about are indeed no longer.for the time being. Although I have to say that the last event, the Village Hall Party, was a huge success. Everyone, especially the children had a brilliant time. Thanks to Becky and Shirley for organising all those games.

This month's newsletter will be full of ways in which we can help each other and a few puzzles.

At least, the over seventies who are self isolating will have the cleanest houses and tidiest gardens ever.! Sorry to be flippant and Irreverent.... I am trying not to be too serious, because I am utterly heart broken that we can't see our 6 grandchildren and families. I can remember in 1961, when the Berlin Wall went up overnight to stop East Germans defecting. I was 12 at the time and my mother said with such sadness, just imagine if a wall went up in the town and you would never see your grandparents. I found that so hard to imagine at the time.....at least this is only for a few months we hope. However, It is so difficult to explain to the younger ones what is happening. As for the older children how completely devastating for them when they can't take the exams which they have been working towards. Spare a thought also for all the thousands of student teachers in schools, whose careers are now put on hold.

Of course we have a lot to be thankful for, living in our lovely village, because at least we have gardens which we can enjoy . There is an amazing community spirit, with people wanting to help others. Thanks to all those people on the front cover and also people in the village who are offering help. You can read about the contact details in the forthcoming pages. Thank you also to all those extra people who will be delivering this newsletter.

Thank you to all the people who are working so hard in the NHS.

Although schools are officially closed, the teachers who are able, are involved in child care for the key workers. Our daughter is a teacher in York and as her children are in their teens, she is able to offer help in school.

We need to be positive and keep up all our spirits. The board outside the village hall, which Teresa and Becky have put there is a case in point. For those who haven't seen it, it is such a thoughtful gesture. Any one can write on it to ask for help; also send best wishes. Thank you to Chris Gatenby who has supplied us with lots of puzzles and quizzes to keep our brains working.

Challenging times ahead but everyone is doing their bit, apart from of course the unspeakably odious stock-pilers who are emptying the shops. We went into the super market before the self isolation really started and gazing around thought about that night's dinner....candle and wrapping paper casserole, perhaps with a turpentine jus!and what are they doing with all the toilet rolls!!

Home is where the heart is,
And where we all must stay,
However hard this sounds to you,
Look on it this way:

The sun has started shining
We see the flowers grow,
Our mornings seem much brighter
And warmer winds now blow

As Spring replaces Winter
And day defeats the night
The Earth will keep revolving,
And the World will be alright.

BAGS FOR THE BROWN BINS

We have moved these from the village hall, so if you need a roll of bags, can find them in a box on our drive.

Please help your self.

Sue, Northside House Eastgate.

Reform Theatre company play has had to be postponed. As soon there is a suitable date, when there is no further danger from the corona virus, I will let you know.

Church News

Dear Friends,

This month's programme is quite simple; the church is closed!

In line with the Government's instructions we've locked the doors and are encouraging everyone to stay at home.

Holy Week and Easter is going to be very different for us all. We are having to get used to being the church differently. The church of England is developing its online resources and expects to have weekly streamed services and daily audio. If you are able please visit:

<https://www.churchofengland.org/more/media-centre/church-online>

I'm upping my digital profile! I'm getting to grips with Facebook (we have a Rudston page I've found out) WhatsApp and video conferencing. If that all that sounds like gobbledygook to you, don't worry, there is of course the good old telephone! Perhaps one upside of self-isolation is that we have more time to phone friends we've haven't spoken to for a while. I'm trying to do everything I can to keep in touch with people.

A silver lining of this crisis has been the many acts of kindness happening all over and here in our village. I've had plenty of messages and calls from people concerned about those who might be in need and offering to help. One generous soul even offering their surplus toilet paper; white gold! (they will truly get their reward in heaven).

If you are having any difficulty managing, problems collecting provisions, have a church related question or just want a chat please call me. Thoughts, prayers and love
Glyn

A prayer for these difficult times:

Keep us, good Lord,
under the shadow of your mercy
in this time of uncertainty and distress.
Sustain and support the anxious and fearful,
and lift up all who are brought low;
that we may rejoice in your comfort
knowing that nothing can separate us from your love
in Christ Jesus our Lord.

Amen.

RUDSTON VILLAGE SHOP

There is an amazing range of goods
in Diane's village shop, which is
available 24/7

Thank you so much Diane. Just going
to have our allowed daily exercise,
including a stroll to the shop. Never
before have I been so thrilled to see a
line of toilet rolls and soap.

Sue

Welcome to Rudston Village Store!

The home of a new generation of honesty box run rural stores! We stock all the things you need from tea & biscuits to toilet roll & gravy granules.

For 5 years, a little convenience store has been operating from the garden of 4 Kilham Rd, Rudston. It sells confectionery, soft drinks, basic cupboard groceries and household goods. In this time, it has been a life saver for a small number of local people. The facility has now been developed to expand the premises and the range of stock on offer as well.

The store will be run as previously, through the cash honesty box, with progressive improvements to include more high tech facilities such as a card reader. A new lighting system and security cameras have been installed and the area will be landscaped over time.

New lines of stock will include artisan bread from Higginson's of Bridlington, plus more groceries, cleaning products and toiletries.

We hope to offer an invaluable, convenient service to locals and visitors, adding to Rudston's assets at a time when many village services are being lost.

Missing Word for MarchMARSTON SUNBEAM

Thanks Shirley for your monthly word search.

All meetings have been cancelled in line with W.I. guidance until I let you know that we can resume our meetings. The Federation suggest that we may be able to organise extra meetings to make up for those lost this year. Meanwhile I would like to encourage all members to read their free magazine " W. I. Life" which is delivered to every member and will keep members informed of what is going on in the W.I.

I think the National Annual Meeting has been cancelled. However I will phone all members before the May meeting date to ascertain how we should vote as a W.I. regarding the resolutions for this year so that I can pass on our voting instructions to the Link member.

The resolutions are :-

- A call to increase potential stem cell donor registration
- End modern slavery.

You need to vote for or against or leave it to the delegate to decide I have received this month's Federation News Letter but I am not sure how or if I should deliver them.

The good news is that the Federation have organized a Federation visit to Denman College for 29th October to Sunday 31st 2021. So that is something to look forward to if you would like to go. More details later.

The Federation Office is now close but Andrea and Shirley are working from home and will reply to emails during office hours of 10 until 3 p.m. on Tuesdays and Wednesdays.

This message is sent to all members. "We are in tense and difficult times at the moment and, therefore, it is up to us all to listen to the Prime Minister's announcement and STAY AT HOME for the foreseeable future. However as Inspiring W.I. Members . we can rally round and do what we can to keep spirits up within our communities. It is suggested that each W.I. could set up a Cascade of Care Rota to phone Members on a regular basis. So Listen out for the Phone !

Best Wishes to everyone in the Village and surrounds and
Keep Safe

June Sellers --Secretary to Rudston W.I. 01262 420237

Thanks to everyone for their support in the past. In line with everything else the Spring lunch was cancelled. Hopefully we will be able to re-arrange this at a future date at a different time of the year as it was a sell out and people were disappointed not to be able to come. Also any other fund raising ideas for this year are put on hold. In 2019 the Social Committee Events raised £7,000 to help with the running of the Church which was a major contribution. As events have been curtailed we have no idea how much we will be able to support the Church this year so we were even more fortunate to start the year with The Snowdrop Walk which raised £1821 for Church funds. I hope people will support any events we organise later on this year. The members of the Social committee at least are able to have an enforced but well earned rest from fund raising and hopefully will be renewed with a fresh energy when we are able to hold events.

Thanks to all the Social Committee for their hard work in the past. We are always on the look out for extra help!! Please keep safe. June Sellers

**RUDSTON
BOWLS
CLUB**

Like all other sport local Bowls has been plunged into uncertainty. Everything is subject to change but at the time of writing there are to be no Driffield league or cup games until after the end of May. Quite how it would proceed then is unknown.

The Wednesday league hadn't got as far as a fixture list in any case. Our own club matches and Friendlies, (we had just added Flamborough home and away to the schedule), are also "up in the air". The first of those with Leven due in May has already been cancelled, or at least postponed.

Not only are many players over the age of 70 but there is plenty of hand-shaking goes on at Bowls matches. If we managed to keep our hands to ourselves there would be the tea and biscuits to negotiate afterwards. And it's a full buffet at Friendlies.

There was a possibility of a new fence for the bowling green, but any urgency with that has disappeared as wayward cricket balls, or any at all, look unlikely for a while.

Now, where did I put the playing cards for a game of patience.
Phillip Crossland

Bosville Arms update. We have the surveyor's report and our solicitor is progressing the sale. With the current timescale we should have completion end of April / early May.

The community share offer has raised an impressive £203,000.

Once we have completion, the plan is to invite all shareholders to an open pub so you can come along and visit the pub for a look around, and to discuss the planned re-furbishment.

Given the current problems around the country, Community pubs are playing a very important role, supplying take away food, operating as a drop off point for groceries and medication and using their supply network to ensure those who cannot travel have access to provisions. The Community pub model is especially resilient in these turbulent times and we look forward to the Bosville becoming the next one to re-open.

Ian Simmonds

I wonder if anyone can remember being in isolation in the past.

When I was four, I contracted scarlet fever in the days before anti biotics. I was spared the isolation hospital because at the time I didn't have any siblings.

My bed was moved downstairs and the only person I could see was my mother who could only come in the room for a short while and had to wear a white coat. This was to last for 6 very long weeks.....we didn't have a television and of course no screens or computers...just a few books and toys. My friends were allowed to look at me through closed windows, which wasn't very entertaining. I remember a highlight was when I received a parcel through the post from my Auntie Joyce. It was a lovely sewing kit and I enjoyed playing with it, until boredom won over and I used the little scissors in the kit to cut off quite a lot of my hair .

My friends had come to hear about this and came to look through the window at this fascinating coiffeur, resembling scare-crow hair. I remember being quite upset about this ,but not because of the laughing and pointing, but because one of them had a new baby sister proudly displayed and I wanted one.

Eventually the isolation came to an end and I was alarmed to see an ambulance stop outside the house . They had come to fumigate the house and take away my toys; the offending sewing scissors having been removed weeks ago!

At the end of the 6 weeks, I toddled happily off to school only to find that my classmates had learnt how to do cherry sums; no extra help in those days, for those who had been away. This was a class of 50,without teaching assistants.

Cherry sums were simple additions, with pictures of cherries as a teaching aid. I learnt how to do them by myself and even better news....several months later, I too had a baby sister.

If any one else can remember a period of isolation, please email your memories. Sue
